

# Index: Volume XXXI, January-December 1974

## Make-up of Volume XXXI

Month	Pages
January	1-44
February	45-84
March	85-126
April	127-168
May	169-210
June	211-252
July	253-294
August	295-336
September	337-380
October	381-422
November	423-466
December	467-508

## General subject headings

Accident reports

Page Nos shown in bold type denote photo-features or news photographs unrelated to news paragraphs.

## A

Accident reports:  
Cadder, Scottish Region, 373  
Chatham, Eastern Region, 36  
Clapham Junction, Southern Region, 36  
Continuous Welded Rail derailments/Final report on, 373  
Horsham, Southern Region, 416  
Kilgus, London Midland Region, 416  
Leicester, London Midland Region, 205  
Nuneaton, London Midland Region, 204  
Whitlessa, Eastern Region, 36  
Wimbledon, Southern Region, 204  
Advanced Passenger Train:  
aerodynamic tests, 209  
APT-E completes first period of track testing, 37  
APT-E hydraulics/Servicing, 463  
Electric APTs soon?, 172  
Monitoring tilt, 78  
prototypes to be built, 340, 470  
Algeria:  
railcars/New, 429  
Appointments, 6, 50, 90, 174, 131, 216, 258, 300, 342, 386, 427, 473  
armature tests/Motor drive for, 376  
Australia:  
Antipodean progress, 87  
Australpass soon?, 387  
Brisbane (Queensland Railways) electrification, 419  
Brisbane Transit Chairman from Merseyside, 474  
communications link/Microwave, 92  
container service/New fast, 175  
Forestfield hump marshalling yard/Retarders for, 77  
International transport conference, 387  
Melbourne electric units, 175  
MotoRail/New stock for Gold Coast, 474  
New South Wales Railways road/railbus, 261  
Queensland iron-ore project, 387  
Reed system for Hamersley iron-ore railway, 77  
standard gauge/More, 259  
Sydney area transportation study, 343  
Victorian Railways to be pruned?, 429  
Victorian Railways diesels/More, 387  
Austria:  
All-line ticket, 474  
coach design/Survey on, 474  
intercity route/New, 175  
ORE vehicle-testing centre being modified, 51  
Tauern line/Doubling the, 102  
thyristor locomotives/Home-made, 175

Vienna Arsenal test centre/Modernisation of, 239  
Vienna U-bahn two-car unit, 92

## B

Bangladesh:  
Telecommunications study for railways, 377  
Vehicles built in India, 388  
Battery power development, 376  
Belgium:  
Brussels-Leuven/Three tracks, 260  
Brussels pre-metro extension 260  
bulletin, 283  
Container traffic increases, 175  
locomotives Belgian National Railways/Class 18, 198  
High-speed lines in Belgium, 297  
-Netherlands push-pull, 259  
Paris-Brussels high-speed route map, 343  
Push-pull set, driving trailer restaurant car, 301  
Brazil:  
backs railways, 413  
Japanese consultants in Brazil, 387  
rolling stock/New, 7  
British Rail:  
Agreement with French National Railways, 213  
airports/Fast trains to feed, 120  
Alyn Eden reflects on the image, 76  
Alyn Eden returns to the grass roots, 322, 460  
Annual report for 1973, 364  
Anglo-Scottish motorail growth, 298  
ASLEF industrial action, 45  
Bricks by Fletliner, 312  
cattle on railway lines/Liability for, 206  
closures review?/Beeching, 214  
Clyderail report/The, 54  
Col Robertson's last annual review, 46  
Computer design aid, 78  
Continuous welded rail safe, but . . . 339  
Cross-country revival, 461  
Cross-country revival/Time for a, 148  
Cross-country services, 40, 162, 247, 332, 418  
Diesel locomotive practice, 247  
Diesel multiple-units/Facilit for, 370  
Diesel multiple-units—Make do and mend . . . and mend again, 339  
diesels for freight?/New, 256  
disabled travellers/Help for, 298  
Drivers agree to high speeds, 384  
Dublin-Paris groupage service, 302  
economies/False, 212  
... electric new, 398  
Electrics old . . . 396  
Electrification priorities, 256  
electrification programme/Timescale for a strategic, 432  
Exhibition train promotion, 4  
Fares increase, 214, 256  
First class only, 254  
Free child travel scheme, 471  
freight by rail/More, 214  
freight developments, 82, 471  
freight goes metric, 88  
freight locomotives/High-powered, 426  
Freightliner progress, 315  
Future services: why go faster? 479  
Glasgow commuter services, 47  
Golden Rail holiday services, 130  
Grant renewals, 91  
headlights/Locomotive, 48, 124  
Headquarters change in field reorganisation plan, 340  
Headquarters/Sites for, 382  
Horwich/Modernisation at, 342  
Hymek/Preservation, 418  
Image/Reflections on the, 162  
Insulator research, 249  
Investment priorities, 461  
iron-ore traffic/Trainload, 136  
land for leasing/More, 172  
Laser safety tests, 77  
Legal report, 206, 461  
Lines relieved, 436  
Locomotive names, 47, 163  
Locomotive renumbered, 207  
London-Channel Tunnel rail link, 240  
London terminal changes, 46  
Mk III developments, 426  
Mk III production/Derby plans, 4  
Merry-go-round expansion, 384  
motor industry turns to rail/The, 346  
Motorail services, 82, 207  
Newcastle-Bristol Motorail service, 172  
noise levels/High-speed, 338  
150th anniversary events, 172, 466  
Overcrowding—08.15 from Cold Comfort Farm, 87  
passenger services, 247  
passenger services: a new approach to marketing, 93  
Pay restructuring, 337  
Pension improvements for wages grades staff, 298  
Problems of a would-be rail traveller, 40  
Punctuality on, 13  
Rail services relieved, 340  
Railbanks, 340  
Railfreight: a regional miscellany, 309  
Railfreight problems, 332  
Red Star parcels extended, 470  
Reorganisation: panacea or problem child, 408  
Royal journey, 292  
Royal Train/Mk III coaches for, 130  
safety in 1972/British railway, 121  
seat covers/Removable, 123  
shunt/Throw a six to, 171  
Signalling for speed restrictions, 39

staffing crisis/London's, 254  
Statements on the future of, 38  
Station trading study, 48  
Steam and diesel-hydraulics, 207  
steam/Return to, 122  
Stockton & Darlington 150th anniversary, 172, 466, 471  
technology for Spain, 249  
Test coach Iris, 384  
timetable/All-systems, 130, 248  
Timetables, 152, 156  
Timetables—Mondays to Saturdays, 255  
train loss/Health hazard from, 386  
Train service shortcomings and suggestions, 332  
Training under fire again, 383  
Trans-Pennine failings, 375  
transponder test programme, 326  
Victoria for Channel Tunnel Trans-Europe-Expresses, 47  
Weekend perils and frustrations, 290  
West Coast bargains, 214  
West Coast/Class 50s on the, 230  
West Coast electric services, 289  
West Coast electrification, 178  
West Coast main-line overhead installations, 333  
West Coast overhead equipment/Developments in, 196  
West Coast resignalling complete, 188  
West Coast/Royal visit to, 172  
West Coast services, 374  
West Coast timetable in close-up/The new, 182  
West Coast train service/Background to the new, 178  
West of England connections, 418  
British Rail Engineering Ltd, 427  
British Rail Property Board, 385  
British Transport Hotels, 472  
Bulgaria:  
bulletin, 406  
Sofia main station/Temporary closure of, 217  
Sofia/New station in, 429

## C

Cameroun:  
International loan, 343  
Transcam line completed, 132  
Canada:  
Arbitration report published, 132  
Canadian National fares increase, 7  
Canadian National featured in Cooks Continental Timetable, 50  
Canadian National freight car order/Large, 132  
Canadian National revenue up in 1973, 260  
Canadian Pacific Ltd income up, CP Rail down, 217  
Canadian Pacific Ltd revenue up, 51  
CP/diesel for, 249  
CP freight cars/More, 388  
CP Rail/Diesel orders for, 175  
CP Rail/diesel for, 249  
CP Rail freight cars/More, 388  
CP Rail Intermodal group/New, 429  
CP Rail car fleet/Largest, 51  
grain cars/Government buys more, 387  
intermodal transport/New company for, 7  
'Light, Rapid, Comfortable': a high speed train for, 323  
Renaissance 6060, 343  
Toronto rapid transit cars/Metalastik suspension for, 166  
Toronto suburban cars/More, 376  
transport policy?/A new, 302  
TurboTrain in service, 175  
Channel Tunnel:  
alignments of rail link in Surrey/Alternative, 385  
Centralisation, 38  
Contractor's road-access tunnel—Shakespeare Cliff, 258, 300  
facilities, 109  
Finance and construction agreement signed, 6  
fire risk involved/No, 90  
France/Local enquiries in, 429  
Governments call for slow-down, 341  
Health hazard from train loss, 386  
London-Channel Tunnel rail link, 240  
noise levels/High-speed, 338, 472  
planning blight/Relief from, 342  
project opposed/Another, 424  
projects under review/Major, 172  
rail link, 375, 460  
rail link route/No decision yet on, 300  
roundabout, 170  
Ships and trains don't mix, 2, 163  
South London freight terminal, 300  
South London/Tunnel under, 300  
Terminal sites galore, 341  
Tonbridge/Alternatives at, 300  
Traffic jam unlikely, 90  
Victoria for Channel Tunnel Trans Europ Expresses, 47  
Work starts, 109  
Chartered Institute of Transport, 172  
China:  
Canton/New station at, 260  
Mobile power units, 473  
Southwest/New line in, 474  
Computer operation, 212  
Consumer's voice and choice, 82  
Cuba:  
rolling stock/New, 260  
Czechoslovakia:  
annual report 1972-73—Freight up, passengers down, 51  
Named trains, 260

**D****Denmark:**

- Developments in, 33
- Inter-city in 1974, 88
- Main-line electrification soon?, 175
- rover tickets/All-lines, 260

**Department of Trade & Industry:**

- wear/survey of, 123
- diesel-hydraulics/Steam and, 207

**E****Eastern Region:**

- Anglia paytrain success, 426
- Barking Freightliner terminal, 340
- Doncaster area resignalling authorised, 400
- Doncaster-Cleethorpes line/Station improvements on, 214
- Goole swing bridge topics, 299, 471, 492
- grain contract/Five-year, 257
- GN electric-multiple-units/Body insulation for, 166
- GN electrification delay, 256
- GN suburban electrification/Vacuum switchgear for, 78
- GN suburban electrification/Preparations for, 215
- GN suburban services cut, 4
- High Speed Train/Preparation for, 173
- House trained—free travel facilities for house buyers, 88
- Humberail campaign, 257
- Kings Cross improvements, 77
- Liverpool Street suburban changes, 384
- North Midland renaissance, 266
- Ranger tickets this summer, 173
- Road bridges by rail, 48
- 313 electric-multiple-unit/Class, 428
- timetable possibilities, 290
- Timetables 1974-75: a year of consolidation, 156
- Travel centres, 4, 88, 471
- Whitlessa fertiliser depot, 340

**Editorial:**

- buck stops where?/The, 253
- Cost benefit, 381
- Crisis normal, 85
- Forward from restructuring, 337
- Lame duck takes flight, 1
- Let's sell railways, not advice, 127
- New Year blues, 45
- Promises, promises, 295
- Return to the unit, 211
- Sleeper speculation, 423
- Two cheers, 467

**West Coast promise/A touch of, 169****Electrification:**

- British Rail Great Northern delay, 256
- British Rail priorities, 256
- British Rail West Coast line, 178
- British Rail West Coast main-line overhead installations, 333, 196
- catenary conductor/Aluminium, 288
- catenary tensioners, 376
- Costa del Sol/By train along the, 112
- Culoz and Modane/End of third rail between, 7
- Danish main-line electrification soon?, 175
- exhibition/Scottish, 173
- 50kV for Illinois Central Gulf, 199
- France, 302
- Frequency changer for alternating-current electrification, 165
- German Federal progress, 430
- higher voltage/The quest for, 201
- Hungary: Nagykatona to Szolnok, 9
- Insulator research, 249
- Italian State Railways raising direct-current traction voltages, 133
- oil, not enough juice/Too much, 128
- overhead equipment/Developments in British Rail West Coast, 196, 333
- Queensland Railways Brisbane planning, 419
- Roussillon electrification postponed, 217
- Spain, 438
- Spanish National Railways electrify after all, 296
- Spanish National Railways trunk line, 425
- Timescale for a strategic (British Rail) programme, 432
- USSR/Progress in, 219

**Electronics:**

- Chopper control for direct current traction, 289
- combined weighing/Electronic, 165
- Communications for High Speed Transport, 249
- Computer development on London Transport, 288
- Computerised reservations, 5
- control lines/Multiplex, 165
- Counting and control equipment, 288
- Conversion for mechanical weighing, 462
- crystal/Flaws in, 3
- Digital data extraction, 166
- firm moves out and expands, 419
- information service/German Federal, 8
- Jointless track circuit, 288
- Leaky feeder cables, 376
- Magnetic tachometers, 123
- Reed remote control systems, 123
- Seat reservations, 8
- Supervisory control for Great Northern-line stations, 288
- Track diagram display in colour on London Transport, 89
- traction alternator/High-power, 376
- transponder test programme/British rail, 326
- Energy consumption on electric railways: addendum, 84
- Europe:
  - Amtrak sales organisation set up in Europe, 177
  - British Rail Engineering Ltd wagons for Europe, 86
  - Car-sleepers mark time, 86
  - Car-sleeper trains hit by ban on Sunday driving, 91
  - coach takes shape/The European, 262
  - coaches for Europe/New, 64
  - Common Transport Policy/The, 393, 445

**Common Transport Policy/European railways in, 170**

- Containerised car components, 301
- Cross-channel bulk-freight service, 132
- Distribution in Europe, 128
- European Master Plan/Towards the, 274
- High-speed routes soon a reality, 274
- Inter-rail 1972-74, 116

- Events: 44, 85, 125, 168, 210, 252, 294, 336, 380, 422, 465, 499

**F****Finland:**

- Acid-tank-wagon linings, 77

**France:**

- Aerotrains project scrapped, 343
- Barcelona Talgo/Filling the, 217
- bi-current locomotives/New, 260
- Catering changes in, 86
- CC6500 locomotives/More, 430
- Channel Tunnel—local enquiries, 429
- Corisican lines to be upgraded, 260
- Culoz and Modane/End of third rail between, 7
- diesel locomotives in 1974/No new, 8
- Diesel multiple-units, 8
- Diesel shunter with hydrostatic transmission, 327
- Double-deck suburban trains, 119
- Dublin-Paris groupage service, 302
- Electric locomotive orders, 7
- Electrification, 302
- Evry line open/First section of, 176
- Geneva-Digne through train, 302
- high-powered electric locomotives/More, 343
- High-speed electric test vehicle, 343
- Hovertrain route between La Défense and Cergy, 132
- Hovertrain speed record, 176
- Le Havre/Improved services to, 430
- Lille/Automated rapid transit in, 72
- Marseilles metro/British consultants for, 429
- Paris-Belgium high-speed route map, 343
- Paris-Bordeaux: planning and operating intercity services at 200km/h, 68
- Paris Gare d'Orsay/Future of, 302
- Paris Metro system/British communications for, 462
- Paris suburban network, 8
- Paris-Sudest high-speed route, 175, 255, 274
- Paris transport optimism, 74
- points/High-speed, 176
- postal vehicles/New, 430
- RATP progress in 1973, 433
- Rerouting proposal rejected by Luxembourg, 175
- reservations/Electronic seat, 8
- road haulage permits/More French, 48
- Roussillon electrification postponed, 217
- RTG in traffic/Experimental, 430
- RTGs/More cross-country, 217
- Sleeping-car improvements, 260
- Soviet-built diesels for France, 387
- Talgo in the dark, 46
- Talgo sleeping-car train, 114
- TGS transformed, 7
- TGV climbs high, 176
- TGV001 turbobrain/More powerful turbines for, 7
- TGV trials/Final, 217
- train indicators in Paris/New, 8
- Trans-Europ-Express coaches/More, 8

**Freightliners:**

- Barking terminal, 340
- Dublin-Paris groupage service, 302
- Full circle, 296
- progress, 315
- Southampton/Potential at, 257

**G****German Democratic Republic:**

- Container depots, 8
- Double-deck standard coach tested, 343
- Interstate services improved, 430
- transits to Federal Republic/Improved, 51
- suburban electric-multiple-unit design/Modern, 51
- German Federal Republic:
  - access to platforms/Free, 430
  - Chopper equipped motor coaches for Hamburg, 77
  - co-ordinated planning/A foundation for, 489
  - Container traffic up, 132
  - Containerization 74, 176
  - Current inverter locomotive developments, 132
  - cut-off routes/Seven, 280
  - diesels/More high-powered, 430
  - disabled/Help the, 430
  - Dortmund/S-Bahn in, 133
  - DSG in 1973, 261
  - Düsseldorf-Paris container service, 8
